GLACIER HOT POOLS
immerse yourself in nature

immerse yourself in nature

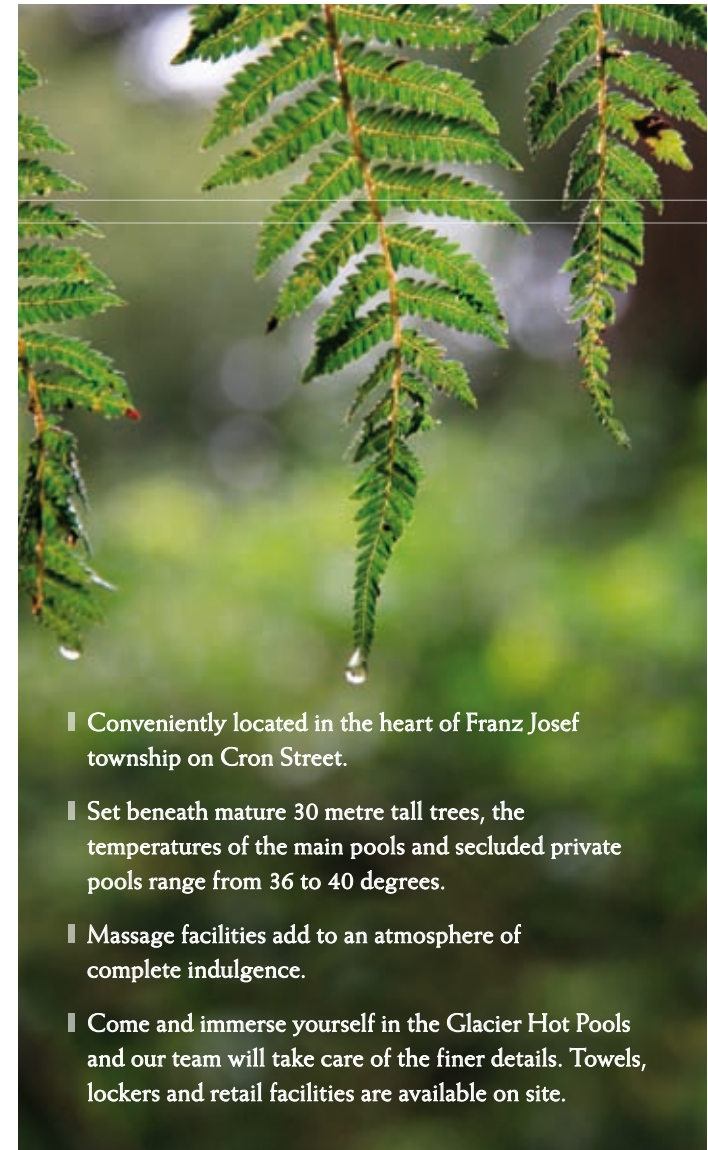

the glacier hot pools

Nestled in lush rainforest, lulled by the sound of gently cascading water, the Glacier Hot Pools invite you to leave your day to day worries behind as you submerge yourself in deliciously warm water, rejuvenating mind, body and soul.

The Glacier Hot Pools is a haven of natural tranquility and the perfect way to relax after exploring the rugged West Coast of New Zealand's South Island.

Each pool is surrounded by native bush and fed with pure local glacier water. Captivating birds, flora and fauna surround you and the distinct call of the Kererū wood pigeon is never far away.

As day gives way to night, an evening under the stars, sheltered by nature's leafy canopy at the Glacier Hot Pools, is a truly enchanting, reviving and unforgettable experience.

- █ Conveniently located in the heart of Franz Josef township on Cron Street.
- █ Set beneath mature 30 metre tall trees, the temperatures of the main pools and secluded private pools range from 36 to 40 degrees.
- █ Massage facilities add to an atmosphere of complete indulgence.
- █ Come and immerse yourself in the Glacier Hot Pools and our team will take care of the finer details. Towels, lockers and retail facilities are available on site.

Time spent soaking and relaxing at the Glacier Hot Pools complements the region's many iconic attractions.
